Wereldranglijsten baanatletiek 2019

Het aantal wedstrijdgegevens is weer toegenomen en we zijn nu beter in staat zinvolle overzichten aan te bieden. Tot onze spijt zijn de vrouwen van onze vereniging avVN van de baanatletiek genezen, ook het getal mannelijke leden is voor deze tak van atletiek zeer afgenomen. Het komt er bijna op neer, dat deze overzichten alleen samengesteld worden voor de abonnees.

Op dit onderdeel kun je waarnemen, dat waarschijnlijk het onderhoud van de techniek en van het lichaam tot onverwachte vorm op gevorderde leeftijd kan voeren.

Berrabah springt al jaren boven de 8 meter.

Evora en Sands waren wereldsterren op het hinkstap-springen. Florant is hier aanwezig,

Gaisah schijnt te zijn gestopt, jammer.
